SKINCARE LINES

Raindance Spa Skincare

Raindance Skincare uses the following types of ingredients in the entire signature line: Performance ingredients at an effective level. Plant & mineral sources, not those derived from animals or petroleum. Multi-functional antioxidants standardized botanicals, phytonutrients and other performance ingredients that have been proven bio-effective in scientific studies - then we use them at the same concentration, while maintaining their integrity, as in the study.

- Drug-free solutions
- Cruelty-free
- No harsh ingredients

June Jacobs

Introducing the June Jacobs Spa Collection. Created from the finest botanical ingredients from around the world, these handcrafted products are renowned for their soothing restorative powers and cutting-edge hydrosol technology. Best of all, they are formulated so that you can enjoy the spa experience without leaving the privacy of your own home. Soothe your senses and see the difference in your skin. Experience the collection. Think of us as an oasis from the chaos outside.
